

1U 12 Slots Mini Media Converter Rack Mount Chassis

The 1U height 12 slots media converter rack mount chassis is specially designed for accommodating chassis-based mini Media Converters. It is a standard 19 inch 1U height rack mount chassis which can be mounted in the standard 19-inch rack. The chassis lets you install multiple mini media converters in an equipment rack together with the network devices. This provides for space saving, and the cabling will look neat. The chassis works with its own universal AC/DC or DC/DC power supply. For maximum power availability, an optional redundant power supply is available for installation in the chassis. The configuration of active/standby power supply ensures uninterrupted operation of the system.

Specification

Power Requirements: Input voltage :
AC 100-240V 50/60Hz or/and DC 36-72V (48V typical)

Output voltage :
DC 12V

Power output:
36 Watts maximum

LED indicators: PWR:
power supply (red)

FAN:
cooling FAN (green)

Environmental Conditions: Operating temperature :
0°C to 50°C

Cooling :
brushless DC fan

Storage temperature :
-20°C to +70°C

Operating Humidity :
90% max, non-condensing

Mechanical Specifications: Case Material :
Iron

Case Colour :
Black

Net Weight :
3.2kg approx. / unit

Dimensions:
485 (W) x 270(H) x 44.5 (L) (mm)

Warranty: Dimensions:
485 (W) x 270(H) x 44.5 (L) (mm)

Key Features

- 1 Suitable for standard 19 inch network rack
- 1U height, maximum 12 slots capacity
- Supports several module types for media converters
- Supports redundant power supply modules
- Supports hot-swappable operating
- Two side LED indicators (front and rear)

Ordering information :

AB-2000-AA (12-slot dual AC/DC power suppliers)

AB-2000-AD (12-slot combined AC/DC and DC/DC power suppliers)

AB-2000-DD (12-slot dual DC/DC power suppliers)
