

Gowanda offers one of the broadest lines of standard inductors for RF and power applications in the OEM marketplace. Gowanda's technical expertise in industrial grade desing has encouraged designers to "spec in" Gowanda as the leading manufacturer of choice when it comes to performance and reliability. All product series are available in lead (Pb) or lead-free (RoHS) configurations.

	Series	Description	Inductance μ H	Current Rating mA DC
	ATHC/KMHC (050ATHC , 050KMHC , 059ATHC , 059KMHC , 121ATHC , 894ATHC , 894KMHC)	Radial Lead Horizontal Mount Potted Toroidal Choke	10 - 1000	1690 - 14500
	ATVC/KMVC (050ATVC , 050KMVC , 059ATVC , 059KMVC , 121ATVC , 121KMVC , 894ATVC , 894KMVC)	Radial Lead Vertical Mount Potted Toroidal Choke	10 - 1000	1690 - 14500
	22FP , 24FP	Molded, Axial Leaded THT Power Chokes	0.22 - 22000	50 - 7000
	HT (050HTV , 106HTH , 106HTV)	High Temp Chokes	0.39 - 1000	2200 - 33600
	CMF4H CMF4HC CMF4VM CMF5H CMF5VM	THT Common Mode Choke	100 - 15000	1200 - 15000
